1. Introduction

The Central Bank of the UAE actively fosters a stable and efficient financial system by providing effective central banking services, as part of its commitment to promote economic and financial stability and growth in the United Arab Emirates.

The *United Arab Emirates Monetary, Banking and Financial Markets Developments Report* is one of the several avenues through which the Central Bank keeps its stakeholders informed.

This report discusses the monetary and banking activities as well as developments in the UAE financial markets during the third quarter of 2026. The report also reviews ratios of annual change over the period from September 2025 to September 2026.

2. Monetary Developments in the UAE

Money Supply (M_1)

Money Supply **M_1** stood at AED 1,022.2 bn. by the end of the third quarter of 2026. Currency in circulation outside banks increased by 0.9% reaching AED 161.6 bn., while Monetary deposits stood at AED 860.7 billion.

Money Supply (M_2)

Money Supply **M_2**, increased by 2.1% (Q/Q) at the end of the third quarter of 2026. Deposits of both Government Related Entities (GREs) and Individuals had the largest contribution to the growth, providing 1.5 and 0.4 percentage points (p.p), respectively. On an annual basis, Money Supply **M_2** increased by 13.5% reaching AED 2,938.1 bn. at the end of September 2026.

Money Supply (M_3)

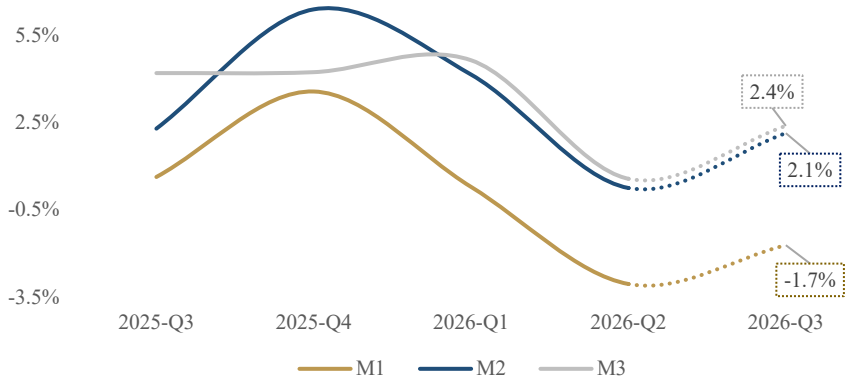

Money Supply **M_3** also increased by 2.4% (Q/Q) in the third quarter of 2026, due to quarterly improvement in GREs deposits by 6.9%, contributing positively by 1.3 p.p. On an annual basis, Money Supply **M_3** increased by 12.3% reaching AED 3,508.1 bn. at the end of September 2026.
